

GOODMAN CAMPBELL
BRAIN AND SPINE

Patient Notification Letter

Dear Patient,

We are writing to inform you of a change to our accepted insurance network at Goodman Campbell Brain and Spine that may potentially affect you.

We were recently notified that IU Health Plan wishes to terminate without cause the contract we have with them to provide neurosurgical, pain management and interventional neuroradiology care for their patients. This change will affect our patients with IU Health Plan insurance as well as IU Health Medicare Advantage.

Contract termination details:

- ***IU Health Plan terminates on December 1, 2021***
- ***IU Health Medicare Advantage terminates on January 1, 2022.***

Although we will continue to accept patients with IU Health Plan and IU Health Medicare Advantage insurance, we will no longer be in-network with either IU Health Plan after the above referenced termination date. If you wish to continue to be seen, please reach out to your IU Health Plan directly to understand your out-of-network benefits and financial responsibility.

Please know, we are still accepting patients with IU Health Insurance and we are certainly not dismissing you as a patient, we will simply be out of network providers once the contract ends. If you prefer to transfer your care to a provider who is in the IU Health Plan network, we will make your records available to you and assist you with a referral to another provider.

If you have additional questions, please do not hesitate to contact us at 317-396-1300.

Sincerely,

Jean-Pierre Mobasser, MD
President, Goodman Campbell Brain and Spine
